£ 250/, is it not?

According to Senior Surgeon's letter of 15th Septr 1928 in the reference cited above re Mr Sampath, it would appear that an L.M.P has to undergo a 3 years' course. Mr Pani says his years would be enough in his case. This point requires to be verified. It may however be made clear that not more than 500 £ will be given in the aggregate as loan Scholarship in any case.

The security offered should of course be substantial, ie tangible property should be offered. ~~as security~~. Mere personal security is not enough.

the selection of candidates for the award of loan scholarships is deemed to be made by Govt on the report of a committee appointed for the purpose of considering the merits of such candidates. It is however ascertained that the rule is not strictly observed & that there have been instances of students having been granted loan scholarships without the formation of Committees & their reports. The cost in the present case is not borne by D.D. Funds.

Office of the Senior Surgeon in Mysore.
Bangalore. Dated ~~November~~ 4th December 1928.

No. C 1343-1 / Encl one

From

Dr. B. Mohammed Usmon., L.M.S.,
Senior Surgeon in Mysore, Bangalore.

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

5993 / 5/12

Med. 139-28-1

Sir,

I have the honour to forward for the favourable consideration of Government the accompanying letter from Dr.A.K.Pani, retired Sanitary Commissioner, requesting that his son, who is studying in London for the L.D.S. Diploma of that University may be granted a scholarship on the usual terms of binding himself to serve the State after he qualifies himself.

Being a medical man, a concession appears to have been shown him, by reducing the course by two years, with the result that he will get his diploma in only two years time.

We have at present only one dental surgeon employed in the Department, and when he is granted leave or when perhaps another specialist in the line is required to develop this branch of work in other selected institutions, no officer is readily available.

In these circumstances I think it would be worth while to grant him the scholarship. I may also add that the case seems to me to deserve special consideration in recognition of the good services rendered by Dr. Pani in various capacities in the Public Health Department in the State for over 25 years.

I have the honour to be
Sir,
Your most obedient servant,

B Usmon
Senior Surgeon.

and the mouth, as possible. · Any encouragement shown to my son will thus be of benefit to the State also.

I request that the Government of His Highness the Maharaja of Mysore, under whom, I had the honor and the privilege of serving for over 25 years with unblemished record, will be pleased to consider the following facts in connection with this application.

Unlike many other Medical men, I was not given any Scholarship during the course of studies either in India or in England. My whole service was practically in the Public Health Department spent in dealing with severe outbreaks of epidemics in and out of season. I should not be mistaken for flattering myself if I say that often times I had to risk my own life in the discharge of my duties. Government are not unaware of the fact that my continued, strenuous and rather unpleasant work (as I had to deal with the ignorant masses with little or no sanitary conscience at all) was well appreciated by the Public and the Municipalities. I may also be permitted to mention that during my term of office several sanitary improvements were introduced.

I fully trust that the above facts will be duly considered and my son's case favourably and generously dealt with by the Benign Government.

For this act of kindness and encouragement I shall feel most grateful.

I beg to remain,

Sir,

Your most obedient servant,

Bangalore,
14th December 1928.

Retired Sanitary Commissioner
and Director,
Public Health Institute
in Mysore.
